Program Costs

Description	2018-2019 1 st -year Cohort Cost
Tuition for full-time students (in-state)	\$0.00
Tuition for full-time students (out-of-state)	\$0.00
Tuition per credit hour for part-time students (<i>if applicable enter amount; if not applicable enter "NA"</i>)	N/A
University/institution fees or costs	\$2,378.00
Additional estimated fees or costs to students (e.g. books, travel, etc.)	\$250.00

The minimum package for students 2018-2019 is a 5-year financial package that includes an annual stipend, a fee scholarship and health insurance. The stipend for the first year is \$24,250 and comes in two parts: a teaching assistantship (consisting of a 10-month stipend of \$21,766) and summer support (\$2,484, available through a summer fellowship or teaching assistantship). A summer fellowship requires enrollment in at least 1 credit hour. A summer assistantship requires the student to be on campus during the summer.

The annual stipend paid to teaching assistants is considered taxable income. The fee scholarship, which covers tuition and related fees, is non-taxable and will cover a minimum of 90% of the credit hour fees for a resident and a minimum of 95% for a non-resident. This means students should be prepared to pay the remaining percentage of credit hour fees plus any mandatory or course-related fees, which amount to approximately \$2,377.72 (\$1,188.86 per semester). Many of these fees provide students with free access to things such as bus transportation in town, computers across campus, IU activities, and services at the campus clinic (in addition to the healthcare plan). Based on the 2018-2019 nonresident tuition rates, the fee scholarship component of our offer has an annual monetary value of approximately \$35,126.78. The support package also includes student health insurance (medical and dental) that is currently worth \$3,073.76.

Our teaching assistant work up to 20 hours per week during the academic year assisting one or more of our faculty members with their class work. Support for subsequent years is guaranteed provided you maintain a minimum GPA of 3.3 and satisfactory progress towards the degree.

The Clinical Science program also provides \$400 per academic year to each student for travel expenses.

Licensure

Outcome	2008-2018
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	31
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	15
Licensure percentage	48%

Of the graduates in the 2008-2018 window, 48% are licensed. Many of our graduates are in research jobs where licensure is not required, so they do not apply for it. Of the students in the 2008-2018 window who sought licensure, 100% were successful in obtaining it.
